Grace Tours, a family run business, has been in operation for many years. Located in Beit Sahour near Bethlehem, Grace Tours places the needs of every visitor first and foremost. Using only experienced licensed tour guides we offer tour options ranging from established pilgrimage itineraries designed to cover the most important aspects of the Holy Land to personalized trips that are created to meet a specific focus. Grace Tours can also offer tours to neighboring countries like Jordan, Egypt and more.

Our tours are designed to make your visit the trip of a lifetime.

Grace Tours offers a variety of travel opportunities featuring Christian pilgrimage, seminary & university study tours, interfaith group tours, volunteer in mission trips and more.

- **Pilgrimage:** A visit to the Holy Land will help you understand the message of Jesus: "I am the bread of life. Whoever comes to me shall not hunger and whoever believes in me will not thirst." (John 6:35) The stories of the Bible will come alive as you observe the natural beauty of the landscape, and as you journey to the sites where Jesus lived, walked and preached. Seeing the sites where Jesus ministered will give you a unique insight into his teachings. You will have a better understanding of the adage "the Land is the Fifth Gospel."

- **Study Tours:** This itinerary offers a better understanding of the Holy Land of today by exposing visitors to Middle Eastern culture, different faith communities, and the current political climate. Your visit will enable you to view the Middle East in a way that is different from what you may have read or heard about. Engaging with the local communities, both Israeli and Palestinian, will provide you with opportunities to experience daily living in the Holy Land. The program offers site-seeing in Palestine and Israel which includes the cities and towns of Jerusalem, Bethlehem, Hebron, Ramallah, Jaffa, Haifa, Akko, Nazareth, Golan Heights, Tiberius, Nablus, Jericho and Be'er Sheva. You will meet with religious leaders, community leaders, and local organizations.

- **Mission and Ministry/Volunteers in Mission:** Grace Tours provides itineraries that enable you to share your skills in ministries of service throughout the Holy Land. With fifteen years of experience working volunteers in mission teams we can organize program options that include a week of touring and a week of volunteer service. We have facilitated medical teams who have set up clinics in many towns and villages in the Holy Land. We can provide assistance to short-term individual volunteers by setting up an itinerary ranging from one day to one month in which they serve, worship and follow the footsteps of Jesus Christ. Grace Tours can assist with logistics for volunteer placements and accommodations.
- **Alternative Tour Options:** We can assist in arranging Arabic language study, Artisans Tours, Hiking Tours, Contemporary Study Tours and much more .
